

Know someone who might need help with food assistance?

As a Lakeland student, they may qualify for SNAP benefits!

A change in the federal law, Consolidated Appropriations Act 2021, has made more students temporarily eligible for the Supplemental Nutrition Assistance Program (SNAP).

If a student is enrolled in six or more credit hours, for the spring 2021 semester at Lakeland Community College, and has an “Estimated Family Contribution” (EFC) of \$0 as determined by their 2020-2021 Free Application for Federal Student Aid (FAFSA) or are currently eligible to participate in the Federal Work Study program, they may be eligible for these expanded benefits.

If you think you or someone you know may be eligible, contact Lakeland’s Financial Aid Office at finaid@lakelandcc.edu or 440.525.7070 for additional information.
