

IPEDS THREE-YEAR GRADUATION RATES¹

¹IPEDS Retention, graduation, and transfer-out rates are based on cohorts of first-time/full-time students (students who are new to college and are enrolled over 12 credit hours in the fall semester). Retention rates are based on the number of students in a given cohort returning the following fall. The three-year graduation rate is the percentage of a cohort of students who complete a degree or certificate within three years. The transfer-out rate is the percentage of students who transfer to another college or university within three years of starting at Lakeland (excluding those who earned a degree or certificate).
