

Congratulations to the Respiratory Therapy program on their RRT Credentialing Award!

Lakeland's program has been recognized by the Commission on Accreditation for Respiratory Care (CoARC) to receive the Distinguished RRT Credentialing Success Award. CoARC accredits degree-granting programs in respiratory care across the country.

The CoARC board used objective criteria based on key accreditation metrics to select programs for the recognition. Among these were maintaining an RRT credentialing success of 90% or above among Lakeland's respiratory therapy graduates for the past three years.

Lakeland's Respiratory Therapy program is currently accepting new students.

Note:

Many local employers are urgently hiring respiratory therapists, and in some cases even providing sign on bonuses!

Contact counseling@lakelandcc.edu to learn how to get started in Lakeland's award-winning program.
