Thomas W. Mastin Fund Grant Proposal Application

The purpose of the Thomas W. Mastin Fund is to provide resources for the development, provision of and access to innovative programs in science, the environment and related subjects (math and English) that will create and encourage interest in the natural sciences and the environment by children and youth, especially those in the elementary grades and middle/junior high school.

Instructions:

Provide the following information on the proposed program/project and **submit the application *electronically* to Debbie Bordonaro in the Office of the Provost at dbordonaro@lakelandcc.edu no later than 5pm on the deadline date.** The application must be completed in full and signed by your division's dean to be considered for funding.

A final project report must be submitted by the faculty member to the Foundation no later than three (3) weeks after the project's end date and will be forwarded to the Project Review Committee members. An interim status report on the project's progress prior to completion will also be required. Complete reporting instructions, deadline dates, and forms for reports on awarded projects will be included in the award notification packet.

BEFORE CONTINUING TO THE PROGRAM BUDGET: Does your project include fees or stipends that will be paid to Lakeland faculty/employees who participate in your project?

- If **YES**, please read and initial the following stipend guidelines.
- If **NO**, you may continue to the Program Budget section.

**** PLEASE READ AND ACKNOWLEDGE:**

Guidelines for Projects that Include Stipends for Lakeland Faculty/Employee Participants

- 1) **Amount Limits:** The Foundation allows for the inclusion of stipends in Faculty Challenge Grant and Mastin Fund proposals as a way to encourage Lakeland faculty/employee participation in project activities. Stipends that will be considered for approval are limited to **\$75.00 (gross amount)** per participant for workshops/sessions that will meet for up to two hours, and **\$100.00 (gross amount)** per participant for workshops/sessions that will meet for longer than two hours.
- 2) **Disbursement of Net Stipend via Lakeland Payroll:** Stipends for Lakeland faculty/employee participants will be included in their paycheck as part of the regular payroll cycle, and they will not receive a separate check. What the participant actually receives will be the **NET** amount of either the \$75 gross stipend or the \$100 gross stipend **AFTER** the usual deductions are withheld for benefits, employee taxes, and payroll deductions that are normally paid by the employee as part of their individual payroll withholdings.

- 3) **Accounting for Internal Foundation Expenses:** In your program budget, you must add an additional 15.45% to the total amount of stipends in your request so we can account for internal program-related expenses that will be incurred by the Foundation. **IMPORTANT:** This additional 15.45% is for the Foundation's internal program expenses and should **not** be counted as part of the gross stipend amount that will be paid to employees. Employee participants will receive the **NET** amount of either the \$75 gross stipend or the \$100 gross stipend, as outlined above in Item 2.
- 4) **Participant Notification re: Payroll Disbursement:** Faculty Challenge Grant and Mastin Fund award recipients are responsible for advising employee participants in advance of the workshop/session that they will receive the net amount of either the \$75 gross stipend or the \$100 gross stipend via the regular payroll cycle, as outlined above in Item 2.

ACKNOWLEDGEMENT:

I have read and understand these stipend guidelines and will communicate to faculty/employee participants prior to their involvement in my project the net stipend payment process as outlined above in Item 2.
