Wednesday, October 10, 2018
H-176, 2:30-3:30 pm

Agenda

A) Review of minutes from 5/3/18 meeting

B) Academic integrity statements in syllabi

Previously Agreed Upon Committee Statement:

Lakeland Community College highly values academic integrity, and so do I. Cheating and plagiarism (using someone else's work without giving them credit) will not be tolerated. I will report ALL instances of academic misconduct to the Dean of Students. It's actually easy to avoid cheating – do your own work, follow the rules on assignments, and cite your sources. The College's Student Conduct Code – the procedure that is followed when a student commits academic misconduct – is spelled out in the Student Handbook. More information is available here: www.lakelandcc.edu/ai Our Blackboard site has a Research and Citation Help area with many resources to help you avoid plagiarizing.

Statement Distributed this August:

Honesty, as the basic component of trust is essential to both individual and institutional integrity. With this premise in mind, Lakeland Community College has set forth certain behaviors as being forms of academic misconduct, and thus potentially diminishing Lakeland's integrity, reputation for academic quality, and ability to function as an academic community. The institution's faculty and administration, therefore, regard academic misconduct as a serious offense. Established as violations of academic misconduct at Lakeland Community College are cheating, plagiarism, fabrication of material included in academic work, denying others access to information or material, enabling academic misconduct, and deception in order to gain academic advantage. Policies dealing with violations of academic misconduct may be obtained by visiting <http://www.lakelandcc.edu/web/about/student-development> or from the Student Development office.
