

The background features abstract, overlapping geometric shapes in various shades of blue, ranging from light sky blue to deep navy blue. These shapes are primarily located on the left and right sides of the frame, creating a modern, tech-oriented aesthetic. The central area is a clean, white space where the text is positioned.

# FAQs

## 1. What if I am not going to Lakeland? Will I still get credit?

Acceptance of credit is only guaranteed at Lakeland. Other institutions are sent your credit, but make an independent determination on whether to accept your credit.

## 2. What do I do if I am going to another college but I want credit?

Take all the steps outlined in this presentation. Your credits need to be “parked” somewhere before they can be transferred to another institution. By taking these steps, we are able to create a Lakeland transcript that can be sent to another institution.

## 3. Are my credits automatically sent to the college I am going to?

No. Lakeland has no way of knowing what school any individual student plans to attend. You will need to fill out a Request for Transcript of Record Form so that we can send your transcript to the school.

## 4. How many credits am I entitled to?

The number of credits an individual student qualifies for depends on a variety of factors including high school performance, the program the student decides to pursue, and whether the student attends Lakeland.
