

OCTOBER WORKSHOPS

Join us to learn, engage, and tap into the spirit of design thinking and fabrication.

6:30 P.M. – HALLOWEEN SHADOW BOX (\$5)

Learn how you can use a laser cutter to easily transform a thin sheet of wood into a Halloween decoration that will be sure to light up your imagination.

6 P.M. – AUTUMN HARVEST TRAY (\$20)

Learn how you can create a seasonal serving tray using both a CNC router and hi-res laser engraver.

6 P.M. – “SCREAM” PRINTED TEES (\$4)

Learn the basics of the screen printing process while making your own hand-printed t-shirt. *Please bring your own cotton or cotton blend shirt to the workshop.*

1-6 P.M. – LASER-CARVED PUMPKINS (\$5)

Stop by HIVE during our Halloween Open House to learn how lasers can help you take your pumpkin-carving craft to the next level.

Sign up at bit.ly/HIVE_Workshops
