

Lakeland Learning Outcomes Mapping Key

The Lakeland Community College Student Learning Outcomes (SLOs) represent the College's vision of skills graduates should possess to succeed throughout their professional and personal lives. Outcomes include: learning actively, thinking critically, communicating clearly, using information effectively and interacting in diverse environments. Performance indicators measure attainment of each SLO. For each department or program curriculum map, there is a column titled "Mapping". This column refers to Lakeland's institutional Student Learning Outcomes. The numbers you see under the Mapping column each correspond to one of the performance indicators. The key listed below explains which numbers correspond to which performance indicators. This map is a quick way of seeing which courses address which Lakeland SLOs.
