

Standing Requirements

SLO/Performance Indicator**MEDICAL LABORATORY/MULTISKILLED HEALTH/PHLEBOTOMY DEPT. Outcome Set****1. Laboratory practice and techniques**

Employ good laboratory practice and techniques to perform routine laboratory testing.

Performance Indicator**Mapping**

1a. Laboratory standards

Lakeland Learning Outcomes: 15a, 15b, 17

Adhere to laboratory standards of practice.

1b. Perform tests with accuracy

Lakeland Learning Outcomes: 15a, 15b, 17

Perform routine tests with accuracy and skill within a reasonable amount of time.

2. Integrate knowledge to analyze test results

Integrate knowledge derived from laboratory theory and natural science to associate test results with disease states.

Performance Indicator**Mapping**

2a. Analyze results and correlate data

Lakeland Learning Outcomes: 4, 5, 6a, 6b, 7, 8a

Analyze results and correlate data with clinical significance.

2b. Recognize abnormal results

Lakeland Learning Outcomes: 11, 12a, 12b, 16, 17, 4, 6a, 6b, 7, 8a, 8b, 9a, 9b

Recognize abnormal results and respond accordingly.

3. Critical thinking and decision making

Use critical thinking and decision making skills to assess test results.

Performance Indicator**Mapping**

3a. Critically assess quality control data

Lakeland Learning Outcomes: 16, 5, 6a, 6b, 7, 8a, 8b

Critically assess quality control data to evaluate test results for validity.

3b. Trouble shoot testing methodologies

Lakeland Learning Outcomes: 5, 6a, 6b, 7, 8a, 8b

Apply knowledge of laboratory methods, principles of procedures and analysis to trouble shoot testing methodologies.

3c. Correct testing methodologies

Lakeland Learning Outcomes: 4, 5, 6a, 6b, 7, 8a, 8b

Devise a plan to correct testing methodologies.

4. Laboratory safety.

Apply principles of laboratory safety.

Performance Indicator**Mapping**

4a. Demonstrate laboratory safety.

No Mapping

Demonstrate laboratory safety measures to prevent exposure.

4b. Safe working environment.

No Mapping

Create and maintain a safe working environment.

5. Professionalism

Demonstrate professional behaviors appropriate to laboratorians.

Performance Indicator**Mapping**

5a. Communication

Communicates clearly with other health care professionals.

Lakeland Learning Outcomes: 10, 11, 12a, 12b, 13, 9a, 9b

5b. Personal responsibility

Demonstrates personal responsibility and accountability.

Lakeland Learning Outcomes: 20a, 20b, 21

5c. Lifelong learning

Create a plan to foster professional lifelong learning.

Lakeland Learning Outcomes: 1
